GAMBOL PARTNERSHIP BENEFITS

The generosity of Gambol partners directly assists the school and benefits our community through underwriting the cost of this important event. We are grateful to have partnerships with businesses and individuals who help us make a huge difference in supporting this extraordinary school.

The Gambol auction proceeds support professional development for our teachers, and a special appeal provides financial aid scholarships for our students. Putting on this important event does cost money, so we are seeking funds in order to offset costs. This way more of the money raised at the auction goes straight to supporting Catlin Gabel.
